PELLETS

STABILISED RICE BRAN AND FULL FAT
LINSEED PELLET WITH ANTIOXIDANTS

18kg

CONDITIONING

**36
DAYS**

SUPPLY FOR A
500kg HORSE

As used by Rory Gilsean

- Especially suited to show horses, older horses, poor doers, underweight fillies out-of-training, competition horses and hunters who struggle to maintain condition during the season, fussy feeders and horses with weight loss following illness or injury
- Palatable and easy to mix into feed
- Slow-release energy for improved condition and stamina without excitability
- Fortified with added calcium to ensure a balanced calcium : phosphorus ratio
- Energy dense with high levels of Omega 3 to enhance skin and coat condition

Products that really work!

Net weight 18kg. Thirty six day supply at 500g for the typical 500kg horse

EA BLOOM & CONDITION™ PELLETS

A complementary feed for horses, designed to support health and wellbeing as part of a balanced diet. **Net weight 18kg.**
